County budget tops million mark

The Haliburton County budget has surpassed the million dollar mark. The budget of \$1,061,880 was endorsed at the March 16 meeting of county council. Last year's budget at the county level was just shy of the million dollar mark at \$981,600.

While the county councillors have agreed to spend over a million dollars in 1983, not all of that will be coming directly from the municipal taxpayer's pockets. A 20% portion of that amount, some

\$200,000 will be received through grants from the province, and revenue earned through fees charged for land division hearings, the rental for the land registry office, and several other sources of income. This means that the municipalities will have to provide \$863,000 to support the county's activities.

The chairman of the management committee, Dysart Reeve Murray Fearrey, who introduced the budget and explained the highlights from the document

noted that one of the major increases this year was a \$15,000 reserve fund which has been established to cover accumulated sick leave of county employees and to be used as working funds. Fearrey said the budget committee was concerned about the number of sick leave days being accumulated by the employees. He said that problems could arise if a number of long term employees, with many sick day credits, decided to retire. Under the provisions of the

agreement with its employees, the county must reimburse employees for a certain number of unused sick days when they leave the employ of the county.

Under the program devised by the committee, \$15,000 will be set aside during the next three years to bring the fund up to \$45,000 by 1985. Fearrey suggested the \$15,000 per year was not too sizeable an amount to set aside in this year of restraints.

Fearrey told the meeting the committee has recommended that the special fund be "protected" from being used for other purposes by enacting a by-law outlining its purpose. He noted this would leave the incoming county council, in December 1985, with a fund of \$45,000 to cover any major requests made on the sick leave fund.

Chamber gets \$60,000

With the controversial comments made by Anson, Hindon and Minden councillor Gary Kenney concerning the Haliburton Highlands Chamber of Commerce still fresh in their minds, the members of the council agreed to give the organization an additional \$10,000 in funding in 1983. The Chamber's budget allotment has been raised from \$50,000 to \$60,000. As well, \$500 has been set aside for the operation of the information booth in Cardiff Township.

Last year the Haliburton Economic Development Commission had received separate funding from the county. This year, the responsibilities of the organization have been reduced and its administration will be handled through the Chamber's budget.

Addressing the council seriously, Fearrey said the \$60,000 allotment to the Chamber amounts to about one dollar per household in the county. Fearrey said he felt this amount would be judged to be reasonable, "even to those among us who have an insatiable thirst to be anti-Chamber."

The councillors were told that members of the committee had discussed the issue of the Chamber funding extensively during the committee meeting. Members include Anson, Hindon and Minden Reeve Lyle McKnight, Monmouth Reeve Keith Tallman and Warden Bill Howe, as well as chairman Murray Fearrey.

The county's representative on the Chamber of Commerce, Stanhope Deputy Reeve Elgin Stouffer, was also included in the discussion.

Fearrey seemed upset with suggestions in the Kenney report that the county "lacked responsibility" in overseeing the funds it grants to the Chamber. He noted that the Chamber provides the county with two detailed reports on its activities each year and that monthly reports are offered by the council's representative, Elgin Stouffer.

Major categories

In presenting the budget for 1983, the figures were divided into seven major sections, each related to a particular area of service provided by the county.

The largest budget section was the roads budget. \$555,000 has been allocated to roads this year, an increase of \$75,000 over last year.

A large section of that budget has been earmarked as the county's portion of an upgrading of County Road

number one, formerly Highway 519. Under an agreement with the Ministry of Transportation and Communications, the county will spend \$50,000 with the provincial government contributing an additional \$250,000 each year for the next five years. The province's participation was part of an agreement worked out when the county agreed with the province to exchange the Vankoughnet Road for Highway 519.

Fearrey noted that "a good deal of time" was spent on the details of the road budget. He noted that the roads provide a primary access to the county and the committee felt the expense was justified. He also pointed out that the additional construction activity will help the local economy.

An increase of \$12,000 was allowed in the general government section of the budget. This section, which covers the administrative

(more on page 2)

Councils share info service

A proposal to share in a promotional effort with the township of Lutterworth was approved in principle at the March 10 meeting of Anson, Hindon and Minden township council. Before the vote was taken however, Deputy Reeve Ed Pergolas received a verbal slap on the wrist from the Reeve, Lyle McKnight.

The two townships have agreed to co-ordinate a joint promotional effort which will utilize land located on Highway 35 in Lutterworth Township. The site will be used for an information booth and sign board, pointing out sites of interest and activities taking place in the two municipalities.

The site is located on the west side of the highway near the Forest Echo Motel. Exact details as to how the information service will operate, when it will be staffed and how the costs will be shared have yet to be established.

The booth will be similar to ones being operated in Haliburton Village by the municipality of Dysart, and on Highway 121 by the municipality of Cardiff.

Reeve McKnight's comments to Deputy Reeve Ed

Pergolas concerned an article which appeared in the March 9 edition of the Haliburton County Echo. In that article the deputy reeve was quoted as saying the council was committed to proceeding with the joint venture.

McKnight pointed out that the matter (at that point in the meeting) had not been voted on by the council. "I feel something like this should come to the council first before appearing in the press," McKnight said. "What if we decided today that we were not going to do it?" the reeve asked.

He pointed out that through the article, one member of the council had committed the entire council to a certain position. "Until we have a resolution, passed by this council, a member of council shouldn't commit this council to anything," McKnight stated.

Deputy Reeve Pergolas admitted that he had acted incorrectly in saying what the council would do prior to the council approving it.

A vote was then taken on the matter and the proposal was approved in principle.

The final stage in the production of maple syrup is observed by Tim Casey and his son Pat. The syrup was prepared for market Sunday following a weekend of sap collection. The Casey farm was one of three visited by members of the Haliburton County Farmer's Association in a familiarization tour Saturday. For more pictures, please turn to page 5.

County passes record budget

(from page 1)

function of the county, now has a budget of \$118,200.

Among the increases in this section was the \$15,000 mentioned earlier for the sick leave fund, a boost of \$3,050 for "administration of council," including a mileage rate boost for councillors to 22¢ per mile. It was felt this rate was in line with other payments made by similar agencies in the county.

Proposed repairs to the county building's roof resulted in the building maintenance budget increasing from \$10,000 to \$12,800. An additional \$500 has been added to the general expense section to cover the cost of the county's trade dollar promotion.

There have been major cuts in the general government category as well. Last year the council set aside \$15,000 for bank charges, interest and general administration. Since only \$7800 of that was used last year, the committee has cut back the allotment to \$8000. In addition, the county council expects to see fewer taxes being written off this year. Last year's budgeted amount of \$10,000 was reduced to \$6000 for 1983. In 1982 close to \$9000 in taxes were written off.

Under the protection to property and persons portion of the budget, the county has increased its grant to the mutual aid fire protection system to \$1500 from \$1000. An amount of \$600 for wolf bounty payments was allowed to remain in the budget.

The health services budget was decreased by approximately \$3000. A major portion of the saving was realized through the fact the county-wide dump study is now complete. This study, carried out last year, was reported on at the March 16 meeting.

Home support grant

Under the heading of social and family services, a number of changes to the budget were made.

The Haliburton County Home Support Services will receive a grant of \$500 this year. The organization did not receive any money from the county last year. Stanhope Deputy Reeve Elgin Stouffer pointed out the organization performed a useful function in the county. By encouraging seniors to stay in their own homes longer, through the provision of special support services, it has reduced the pressure on the Hyland Crest Senior Citizens Home. The work of the 300 volunteers who are part of the organization has also helped to reduce the costs of social services in the county.

A debenture payment of \$31,335 for the Hyland Crest home included in the 1983

budget would be the second last one the county would have to make, Fearrey told the meeting. Next year's second payment will retire a \$370,000 loan taken out 18 years ago.

The support for the Children's Aid Society was increased from \$24,000 last year to \$27,000 in 1983. The increase will bring Haliburton County in line with the contributions the organization receives from other counties it serves. The support for the health unit was also increased from \$45,000 last year to \$49,000.

Under recreational and cultural services, the following grants were

approved: the Rails' End Gallery \$1000, the same as last year; Haliburton County Snowmobile Association \$1500, down from \$2000 in 1982; Paudash Trail Blazers Snowmobile Club \$500, same as last year; Dorset Snowmobile Club \$500, no grant last year; and the Haliburton Highlands Secondary School Scholarship Fund grant was withdrawn. Last year the county provided \$800.

A formal by-law endorsing the 1983 budget was passed by the council.

AHM agenda

Agenda for the regular Council meeting to be held in the Municipal Council Chambers on Thursday, March 24th, 1983 at 9:00 a.m.

1. Adoption of minutes.

Delegations

2. 9:30 a.m. - John P. Hill, Assessor re: assessment on commercial properties.
3. Correspondence.

Other Matters

4. Business tax write-off.
5. Review personnel performance record.
6. Open tenders for crushed gravel.

By-Laws

7. By-law 83-7: Being a By-law to Close, Stop Up and Convey a Portion of the Original Shoreline Allowance for Road Adjacent to Horseshoe Lake in Lot 12, Concession V in the Township of Minden in the County of Haliburton.

8. By-Law 83-8: Being a By-Law to Close, Stop Up and Convey a Portion of the Original Shoreline Allowance for Road Adjacent to Kashagawigamog Lake in Lot 21, Concession II in the Township of Minden in the County of Haliburton.
9. Adjournment.

The townships' shares —

While the larger municipalities in the county are carrying a smaller percentage burden of the county budget requirements this year, their portion of the levy has increased over 1982 figures. The figures were part of the county's annual budget report released at the March 16 meeting.

According to the figures, the share paid by Dysart et al will drop from 38.33% in 1982 to 38.126% this year. The dollar value will increase however, from \$294,485 to \$329,058. A similar situation exists for Anson, Hindon and Minden where the percentage drops from 17.08% to

16.986% this year but the total levy increases from \$131,223 to \$146,602.

The largest percentage increase in county distribution is being carried by Lutterworth Township. That township's share of the county budget increases from 7% to 7.293%. The increase will mean an additional \$9,164 will be transferred from the township to the county in 1983.

The following chart outlines the levy and percentage liability each municipality will be responsible for to the county in 1983. The figures in the brackets represent 1982 amounts:

Township	Levy	- % -
Anson, Hindon & Minden	\$146,602 (\$131,223)	16.986% (17.80%)
Bicroft	\$10,184 (\$ 9,219)	1.180% (1.20%)
Cardiff	\$ 44,586 (\$ 40,027)	5.166% (5.21%)
Dysart et al	\$329,058 (\$294,485)	38.126 (38.33%)
Glamorgan	\$49,325 (\$ 42,947)	5.715% (5.59%)
Lutterworth	\$62,944 (\$ 53,780)	7.293% (7.00%)
Monmouth	\$31,873 (\$ 27,274)	3.693% (3.55%)
Sherbourne et al	\$70,634 (\$ 63,537)	8.184% (8.27%)
Snowdon	\$32,227 (\$ 29,348)	3.734% (3.82%)
Stanhope	\$85,643 (\$ 76,444)	9.923% (9.95%)
Total	\$863,081 (\$768,290)	100%

Lutterworth gets largest increase

The fact that Lutterworth Township's portion of the county budget registered a larger increase than any other municipality in the county was a matter of concern and pride at the regular council meeting March 17.

Reeve Ron Gambell reported to the councillors that the new county budget, struck at the meeting the previous day, saw a 17 percent increase in the contribution Lutterworth taxpayers must make to the county's operation. The township's share has increased from \$53,780 to \$62,944, a boost of \$9164. The municipality's share of the overall county budget, in relation to the other municipalities, has increased from 7 to 7.293%.

the largest jump experienced by any municipality.

Lutterworth councillor Bill Valentine asked "where the hell is the six and five?" referring to the restraint program introduced by the federal government.

While the increase is worrisome to the councillors, they also were somewhat pleased as the increase is a demonstration of real growth in the township during the past year. "From where we started, we've come a long way," Reeve Ron Gambell said.

Now that council has received the good/bad news from the county government, they are waiting for the other shoe to drop. The next item will be to discover how much more the municipality will be required to pay to cover their share of the Haliburton County Board of Education budget.

Coin marks change

The design of the 1983 Haliburton County trade dollar has been released. The design for the coin was made public last week.

The special coin, which is being minted to mark the elevation of Haliburton to full county status, will be available later this spring.

The coin features a likeness of Thomas Chandler Haliburton, the man from whom the county draws its name. On the reverse is the Haliburton County crest and motto.

While the main purpose of the coin is a souvenir reminder of the year in which the provisional status was removed from the county's name, the coin will also have a monetary value of one dollar. The coin will be accepted at face value by participating merchants in the county during 1983. The county will redeem any coins used in this way. However, it is expected that most of the commemorative coins will be retained as mementos.

The Chamber of Commerce will be handling the distribution of the coins in the county.

A special souvenir issue of the coin, minted in silver, will be available to those who place an order in advance. The cost of the silver coins is \$25. Orders can be placed through the Chamber of Commerce office. The number of silver coins to be minted will be limited to the orders received. Extras will not be available once the trade coin is in circulation. For more information contact the Chamber of Commerce.

Council concerned about Dioxin use by Hydro

Dioxin is a word which prompts thoughts of the Love Canal chemical dumping, the defoliant Agent Orange and cancer.

Stanhope reeve Harry Davis informed his council at their March 9 meeting he heard through a concerned taxpayer Ontario Hydro is using dioxin as a defoliant on their hydro lines. He requested council to petition Ontario Hydro "for the discontinued use of any spray etc., containing dioxin or any other chemical dangerous to public health or the environment."

Davis also brought the matter to the attention of Haliburton County Council at the last meeting March 16. The motion requested an appearance of Ontario Hydro at the next county meeting to explain the use of the vegetation spray containing the controversial dioxin. Davis said he is interested in an analysis of the spray.

Peter Webster of the Ontario Hydro Georgian Bay Region headquarters in Barrie said, "The spray we use does contain extremely small quantities of dioxin, basically 2,4-D and 2,4-DP."

The mixture of the chemical used by Hydro is 10 parts per billion. Webster said this dilution results in a "barely traceable" amount of dioxin.

There are 75 different types

of dioxin. The most hazardous is labelled 2,3,7,8-TCDD and this lethal type is in "none of the materials we use."

According to a spokesman, Hydro does not blanket spray with the defoliant. The corporation sprays only until ferns and other undergrowth has been established to choke out larger vegetation and then it is stopped. Webster called this "biological control."

He continued, saying the elimination of the larger vegetation which fouls the Hydro lines, "doesn't happen overnight." Hydro sprays their "rights of way" every five or six years "or sometimes longer."

Contamination of well water, a fear entertained by some landowners, has happened once, according to Webster. He said the well was not clearly marked and the provincial organization inadvertently sprayed the area.

When the contamination

was brought to Hydro's attention, they took action to clean out the well, with the Ministry of the Environment constantly testing the progress. "We eventually got the well back to a safe level."

Don Mann of the local Hydro office informed The Times, Hydro representatives will be attending the next Stanhope meeting on April 6. The time has not been confirmed.

Mann said the Hydro presentation consists of a slide show lasting about 20 minutes and a question and answer period. The presentation was given to the Crego Lake Cottage Association and the following discussion satisfied cottage owners as to the safety of Hydro defoliants.

Mann pointed out however that landowners have the option to allow Hydro to use the vegetation spray or clear any undergrowth themselves. He said forms are available at the office to request Hydro not to spray.

Driver threatened with gun

A Minden area man was threatened with a pistol by a hitch-hiker he had picked up Sunday on Highway 121 near Kinmount.

According to police, Anthony Laberge was travelling toward Minden when he stopped south of Kinmount to give a ride to a hitch-hiker. The rider was acting in a nervous manner and as the car neared Minden, Laberge noted the butt of a pistol protruding from the man's belt.

Using the pretence that he wanted to talk to a friend he saw coming towards them on the road, Laberge pulled the car over to the shoulder and got out of the car. Before Laberge was out of the car, the hitch-hiker pulled the pistol and told Laberge he wanted to travel father north

on Highway 35.

Laberge slipped out of the car and the hitch-hiker drove away in his car.

The police were notified and a few miles north the vehicle was stopped by Constables Jim Solway and Glenn Irving. The arrest was made without incident.

The gun turned out to be a starter's pistol.

Christopher Keith Lindsay, 19, of Toronto has been charged with theft of a vehicle, possession of an offensive weapon and forcible confinement. As of Tuesday he was being held in Lindsay jail pending a bail hearing. Constable Dennis Potter is the investigating officer.

Roll-over

A charge of careless driving has been laid against a Haliburton man following a

single car accident on Highway 35 in Lutterworth Township.

Robert Hall, 24, was the driver of a northbound car which drove off the opposite side of the road. The car travelled down an embankment, rolling over several times. The driver and passenger Shaun Chapman, 20, of Minden sustained minor injuries. The other passenger, Michael Hughes, 19, also of Minden, was uninjured.

Constable Wim Magee was the investigating officer.

Remember the saying "You don't have anything if you don't have your health". It's true.

Dysart staff get 5%

Dysart et al employees will be receiving a five per cent raise from the municipality although the Canadian Union of Public Employees (CUPE) has filed a complaint with the Inflation Restraint Board.

Reeve Murray Fearrey said the raise is the offer originally given to CUPE and employees will receive this until the Restraint Board hands down its ruling on the objection.

The reeve said the offer is within the five per cent guidelines laid down by the provincial government and its anti-inflation policy. The contract with CUPE is a one year agreement.

editorial

Hats off to Tom

Communities such as ours, are filled with individuals who contribute a great deal of their time and talent to making this a better place to live. Quite often the contribution these individuals make goes unnoticed. Sometimes it is because the rest of us just don't realize the value of their effort and at other times, it is because the individual does not seek out the limelight - preferring instead to work quietly behind the scenes, getting things done, shunning recognition.

There are many people in our community who have contributed to the well-being of Minden. Recently, the Anson, Hindon and Minden council paid tribute to one such person. We would like to echo those sentiments.

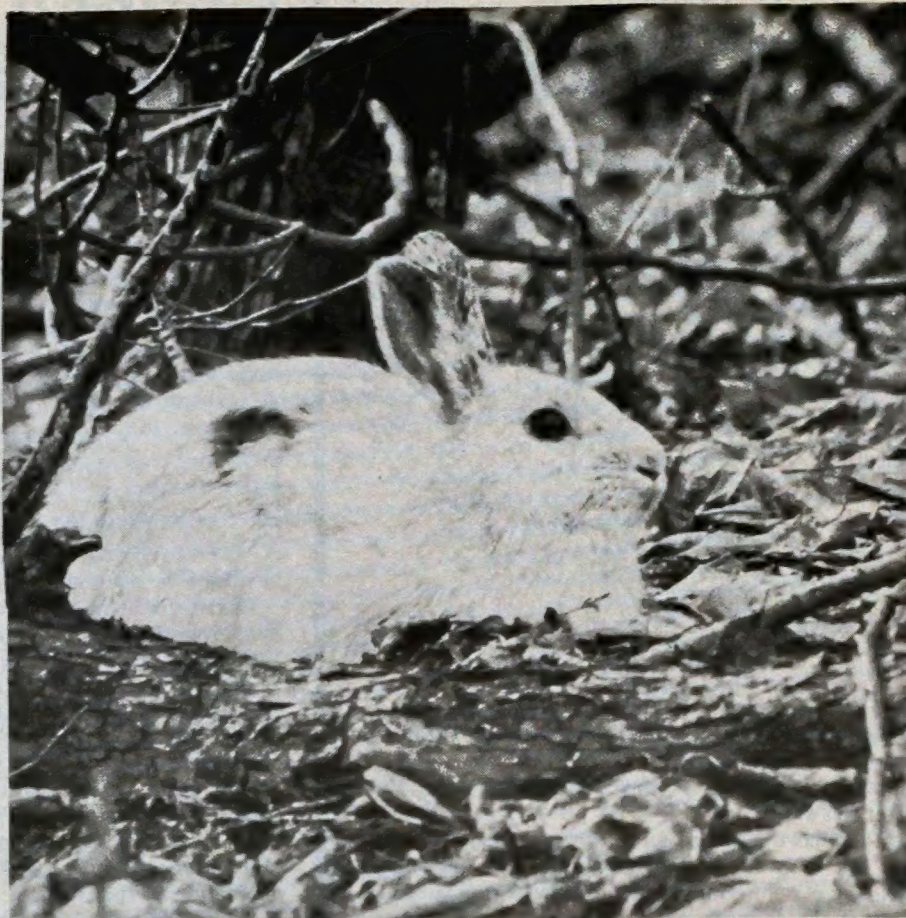

Tom Prentice certainly deserves the praise he received from the council. They singled out his efforts in attracting winter visitors to Minden, particularly through his association with the car racing on ice organization. Tom has not only helped prepare the track and promote Minden as a site for ice racing, he is an avid participant as well.

His interest in things mechanical has also prompted him to take a leading role in the Haliburton County Snowmobile Association. He has guided the organization through some tough times as its president, and it is highly unlikely the county-wide organization and network of trails would exist to attract visitors to the area if not for Tom's involvement.

Tom is also a hard working member of the Minden Kinsmen Club, having served as the organization's president in the past. He still takes an active interest in the club's activities, many of which result in direct benefits to this community.

Tom has been involved in the community's recreation commission, minor hockey association, Masonic Lodge, Haliburton County Association for Children with Learning Disabilities, the Chamber of Commerce and the Minden United Church.

Minden and Haliburton County is a better place because of Tom's active involvement. We salute his efforts.

Waiting for Easter

Economics ahead of people

- by John Eakins, M.P.P. -

I recently gave you some background on the issue of the government's plan to close down six centres for the developmentally handicapped in this province. This week, I would like to give you some further information on this government plan which has generated such concern and anxiety.

I feel that economic considerations are being placed ahead of human concerns in the Ontario government's decision to close six centres for the developmentally handicapped.

Several of my colleagues have spent considerable time in recent weeks touring the centres and conferring with residents, parents and staff. To date, there is not one single shred of evidence that the residents stand to benefit from the closings which were announced last October by the Minister of Community and Social Services.

In the name of justice and humanity, the government should immediately suspend its plans and launch a thorough process of analysis and consultation to determine what is best for the almost 1,000 residents affected by the proposed move. It should reconsider the decision to abandon the 1981 plan to increase spending on community-based services before even contemplating closure of the six regional centres.

First-hand studies have demonstrated all too clearly that the three groups directly affected by the Minister's announced closures - residents, parents and staff - are firmly convinced that the facilities serve an invaluable

purpose in assisting residents in the transition from larger institutions to community-based group homes. For many people, they constitute a bridge from institutionalization to the community life we all desire for those capable of achieving it. Remove the bridge and - inevitably - a great void in the rehabilitation process is created.

Many people in our two counties have written to me wondering if they must stand by and watch government callously disregard the plight of disadvantaged members of our society.

Parent groups, staff and community leaders are to be applauded for the efforts which they have made to influence the government, to prevail upon those in authority to reject the Minister's plan which has an

immense potential for human misery - even tragedy.

I believe we must:

- Initiate assessment of needs of mentally retarded now in the community which are not being met by existing programs.
- Assess the effect of closures on people already in the community.
- Increase the amount of new funds in financing community-based services.
- Reduce population of larger institutions while maintaining six smaller facilities as alternative to closure.
- Give priority to community involvement and education.
- Assess needs of chronic care for the mentally retarded and commit appropriate funds to provide the services needed.

coming up

Wednesday, March 30: Annual Red Cross dinner at the Fireside Restaurant, Minden. Commencing 6:30 p.m. Tickets must be picked up by March 24 from Paul Heffer at the Drug Store. \$10 each. Everyone welcome.

Until March 26: Open House at the Haliburton Highlands Pioneer Museum, 10 a.m. - 5 p.m. Free admission. Refreshments available.

Thursday, March 24: Film Night at Stanhope Community Centre, 7:30 p.m. Family entertainment. Silver collection.

Tuesday, April 5: Carnarvon Nursery Play "try-out morning". Zion United Church. Mothers, fathers and pre-schoolers welcome.

letters

Editor:

I find it necessary to enter a comment on Diane Cowen's "Letter to the Editor" and Shirley Walker's "Puck Talk" column which appeared in the March 9 edition of The Times.

Ten hockey seasons ago, Neil Burk and I organized a Juvenile hockey team in Minden that had not existed the previous year. We employed hockey players from Minden, Haliburton and Gooderham. It was a system that worked well and culminated this season, in an affiliation agreement with the Haliburton Huskies.

The future of hockey in Haliburton County would be well served by the joining of the various minor hockey organizations located within our boundaries.

Suffice to say, the opinions expressed by both Walker and Cowen, whether expressly stated or merely intimated, were unfortunate, at best.

However, one must remember, they were only opinions - those allowed letter writers and columnists alike.

Knowing these ladies to be supporters of minor hockey, I suggest their comments were made out of frustration, not vindictiveness. While some persons may feel the ladies' comments to be supercilious and truculent, I think their opinions are more likely to be superficial.

Anyone cognizant with a team sport realizes winning or losing is a team effort.

The Minden Monarchs Juveniles lost, as a team, to the defending Ontario champions from Thornton. To suggest this loss is attributable to the play of the Huskies used by Minden, is incorrect and ill-thought.

There are many variables in sports such as ability, desire, dedication and discipline. Thornton exhibited and executed ample quantities of these variables and won. Minden had the ability and lost. But the Minden team's chances were increased by the addition of the Haliburton players.

Hopefully, in the near future, all hockey operations will be run under an umbrella organization in the county.

The Minden Juveniles appreciated the co-operation realized with the Haliburton Huskies this year.

I sincerely hope this co-existence continues in the coming seasons for the betterment of hockey and all those involved in the sport. Dwight Thomas, Minden.

Spring elixir

The first day of Spring inevitably brings forth thoughts of the steamy, sugary, smokey smell of Tim Casey's "spring elixir". Maple syrup, that is.

Last weekend Tim and other members of the Haliburton County Farmer's Association held a tour of some local sugar bush operations. The group ended up at Casey's, the only one of the three farms boiling down sap, at the time.

Tim is a traditionalist when it comes to maple syrup. The equipment he uses, handed down from his grandfather, is "kind of a step between the iron kettle and the evaporator," consisting of two metal containers positioned over a firepit, a large metal holding tank and a drum on a horse-drawn sled. He believes that somehow, this traditional way makes the syrup taste better.

He's not much for the popular idea of maple syrup, a thin, pale liquid, which he says looks like corn syrup and just about tastes like it too.

It's true the syrup he produces is far from the store bought variety. The thick dark liquid has a hint of smoke flavouring, due to the open metal troughs above the firepit and Casey says his customers prefer the difference. The whole process is a family affair, the proceeds from the maple syrup go to two of his children for the work they do. The money is put in the bank as the youngsters experience the world of work and reward. Classes from the school are invited to watch too.

The sap is strained through a lined felt cone into syrup cans after reaching about 222 degrees. "The drips should fall in a band," said Tim judging the syrup trickling from a small pot.

The syrup has a cooling down time and then it's ready to be enjoyed.

Photos and story by J.A. Friel

New program will help Dysart homeowners with renovations

The Canada Mortgage and Housing Corporation (CMHC) has another program to offer the Haliburton County area, it was revealed at the Dysart et al council meeting Monday, March 14.

Jeff Loucks of CMHC outlined the program named the rural Residential Rehabilitation Assistance Program or rural RRAP.

Loucks said the program is "quite similar" to the Ontario Home Renewal Program (OHRP) and for that reason has not been available to Ontario residents south of the French River, although the program has been in existence since 1974.

RRAP is designed to extend the life of older homes by about 15 years and cut down on heating and maintenance costs, among other benefits. Inspectors of the program will check five areas: the electrical system, the plumbing system, the heating system, structural soundness and fire safety. Based on the findings, the inspectors determine the amount of money to allocate to the application. The upper limit is \$10,000.

If the repairs are estimated at more than \$10,000, the application will be rejected. Another condition of acceptance is that the RRAP grant cannot be used in conjunction with other plans, such as off-oil and the Canadian Home Insulation Program (CHIP) which will fund up to 60 per cent of improved insulation.

Other conditions required include that the structure is the principle residence, eliminating cottages from the program and that the

community where the program is offered has a population of less than 2,500. Loucks said that although Dysart exceeds the project's limitation, it can still be classified as non-urban.

The house the program is to be applied to has to be at least five years old.

The \$10,000 the federal government extends to the homeowner is part loan and part grant, depending on the level of income. If a family's income is at the \$3,000 mark, the maximum of \$5,000 of the total \$10,000 is a grant. The amount of the grant falls the higher the income so that a family income of \$23,000 receives the \$10,000 purely as a loan. There is no income limit on applications, unlike OHRP. The loan itself is paid back at the prime rate of interest. An attractive part of the program is that loan repayment is not recalculated if the family's income increases.

Loucks said, because the program was just recently introduced here, the Peterborough office is "just getting its feet wet" with the "couple of thousand dollars" it has been allocated. He said due to the limited resources, the corporation needs agents to do advertising, take initial applications and do inspections. The agent is also required to suggest OHRP, if that program is suited to the project. He said the Peterborough office would take care of administration, the final approval and follow-ups. The CMHC representative said the municipality would be paid a "delivery fee" of \$400 for each application. He said there would be partial

fees if the person making the application withdraws at the last moment.

Dysart reeve Murray Fearrey said council was definitely interested in the program. Councillor Glen Hodgson wondered if the \$400 fee was enough for each application, if several visits to the home were required.

Loucks said the \$400 is a

guideline for Ontario.

Councillor Dorothy Baker from Haliburton Village asked how abuses of the system could be avoided. Loucks said the final inspection would determine if the homeowner qualified for the program.

Lloyd Leadbeater from Harcourt said the program "could be a help to some of our people." He also

suggested employment could be affected by the plan. Loucks agreed that work in various trades could be stimulated.

Loucks also said the municipalities of Anson, Hindon and Minden and Monmouth are also potential agents for their respective townships.

The Dysart council agreed to apply for participation in the RRAP program.

APRIL FOOL:

Somebody who sits around all spring!

PARTICIPATION

Need business help?

ONTARIO'S YOUTH IS READY TO WORK

This summer, to get extra work done in your business, hire a young person. Ontario's youth is ready to work, and Ontario will help you pay their wages.

If you can create new work for people aged 15 to 24 this summer Ontario will pay you \$1.25 an hour, to a maximum of \$50 a week, towards each salary. The maximum grant allows for 4,000 hours of help at each location where you would like to hire.

It's The Ontario Youth Employment Program - OYEP

You are eligible for OYEP if:

- You have actively operated a business or farm in Ontario for at least one year prior to April 11, 1983.
- You can provide 25 to 40 hours of supervised work a week for between 8 and 20 consecutive weeks.
- You can create new work, in addition to what they would normally provide, between April 11 and October 16.

Employees are eligible under OYEP if:

- They are between the ages of 15 and 24
- They reside and are eligible to work in Ontario
- They are not related to the employer

Last year OYEP helped Ontario farmers and businesses hire more than 50,000 young people.

Weather observer day

Phil Graham

Each year the World Meteorological Organization, a United Nations agency, has set aside a day called Weather Observer Day for the volunteer weather watchers in all countries to recognize the

contribution by the weather observers.

This year that date is March 23, and Minden resident Phil Graham is one of the volunteers described by the federal Environment Minister John Roberts as invaluable. He has been a weather watcher for about 35 years.

Graham is one of 2,300 observers in Canada, part of the group Roberts says he is proud to note exceeds paid employees.

The volunteer service was established in the early 1870's by the Meteorological Service of Canada devoted to record the climate of Canada and warn others of violent weather.

Roberts adds: "...it is, above all, the volunteer who has provided the information which today is so essential to planners and decision-makers in agriculture, water resources, transportation, energy and many other social and economic aspects of Canadian life."

Ingoldsby bridge project approved

After weeks of deliberation the Ingoldsby bridge project can at last go ahead it was revealed by county engineer Bill Obee. The results of the hearing for expropriation were released at county council's last meeting, March 16.

The council quickly acted on hearing officer James Webster's assent and passed by-law 1222 approving "an expropriation for the reconstruction of the Ingoldsby bridge and

approaches."

The by-law has been held up by the hearing in which landowner Joseph Curtin suggested that a different path and higher clearance of the bridge saving the sand beach at Ingoldsby and lessening danger for boaters should be considered by the county.

Webster upheld the county's view following the two long days of the hearing.

The project is scheduled to begin this year.

Flood study details outline for council

The 'nuts and bolts' of carrying out a flood plain mapping survey as required by the Flood Damage Reduction Program, was discussed at the March 10 meeting of Anson, Hindon and Minden township council.

The council met with representatives of the Ministry of Natural Resources to discuss the details of the program.

The municipality has agreed to carry out the study which would determine the limits and severity of a flood on the Minden Village area. The study is needed for a number of reasons. First, the Ministry of Natural Resources has indicated it will object to the endorsement of the township's revised zoning by-law if the flood-prone areas are not indicated. Secondly, since the municipality has agreed to undertake an official plan for the townships, the information would be needed for that document. As well, to be eligible for certain exemptions under the provincial government's strict guidelines regarding development of flood plains, the study would have to be carried out first.

The study is being done under a joint federal and provincial program. Half of the funding is provided by the federal authorities while the province provides 40% and the municipality the

remaining amount.

Brian Odonahue, a planner with the MNR regional office, explained to the council that the Special Policy Area (SPA) exemption which the municipality is seeking for the core area of the community, would, if approved, enable the community, which has historically been established on the flood plain, to continue. In addition, the SPA could spell out restrictions on new construction with regard to flood-proofing, maintenance of a certain grade, or other provisions to help reduce the amount of flood damage a building would suffer.

The Ministry of Natural Resources and the Ministry of Housing have already agreed in principle to the granting of SPA status for Minden. The agreement in principle was granted after the township council agreed to proceed with the flood plain study.

Odonahue also noted the program could identify methods to ease any flooding, such as dredging.

According to Ministry of Natural Resources Engineer Bill McMullen, all aspects of a potential flood situation would be explained. He said that aerial photography would be required to help establish the elevations. He said this should be carried out shortly, before the leaves emerge on the trees.

McMullen said the study should take about a year to complete. He suggested the township, which will co-ordinate the study, start immediately to obtain quotes from qualified engineering firms. The ministry personnel would assist in drawing up the terms for the engineers and in selecting the company to carry out the work.

It is expected the council will review the terms of the contract at the March 24 meeting.

outdoors

by Ron Reid - Federation of Ontario Naturalists

Most Canadians like to feel that our reputation in other countries is a favourable one, in that we are seen as a responsible, progressive country. Unfortunately, our stance on international wildlife issues is doing much to earn us a well-deserved black eye.

Our major public relations problem, of course, is the seal hunt. But Canada has also drawn fire for its refusal to help end the hunting of whales over the last few years. Now we are playing an equally backward role in the Convention on International Trade in Endangered Species, or CITES.

CITES is designed to help save endangered wildlife by stopping trade in the commercial products derived from these threatened species. The Convention can be used to control traffic in ivory, for example, or endangered parrots for the pet trade, or exotic furs from species such as ocelot. Such trade is big business - a typical year in West Germany, for example, sees \$50 million of wildlife imports.

Two years ago, the Canadian government introduced a resolution of the CITES meeting that would have led to massive de-listing of protected species. Even though that resolution failed

to pass, another Canadian proposal did lead to a downgrading of protection for the North American gyrfalcon. This year, Canada is setting a similar treacherous pattern.

Our representatives will oppose any ban on trade in whale products, or any regulations on trade in seal furs. On your behalf, they are also proposing that timber wolves, grizzly bears, river otters, lynx, bobcats, and bighorn sheep be removed from the protection of international controls.

Some of Canada's objections are based on a conflict with our fur industry. Many,

however, arise from our government's philosophy that where scientific data is sparse, a species should not be listed for protection. By failing to err on the side of safety, the Canadian government is playing the politics of extinction. Environment Minister John Roberts, who has responsibility for CITES, should be ashamed of his role in furthering the decline of the world's threatened wildlife.

Five deer killed on county roads

According to the police, during the past month, five deer have been killed on Haliburton county roads. Two of the animals were struck by automobiles during the past week.

Murray Simmons of Irondale was the driver of one car which struck a deer near

his home. The collision resulted in \$300 damage to the vehicle.

The car belonging to a Toronto man sustained \$350 damage when it struck a deer on Highway 35 north of Miner's Bay. Ronald Babcock of Willowdale was the driver of the vehicle.

Novice

Kevin Buchanan led the Minden Novice team to a 4-2 win over Haliburton in the championship game of the Glen Dart Tournament Saturday in Haliburton. The win gave the Minden team the tournament championship.

Buchanan scored all four goals for the Monarchs. Oliver Greer assisted on two while Derek Greer and Corby Kent helped on the other two markers.

In addition to the team receiving the championship trophy, each of the players was presented with an individual memento of the win.

Atom

Please note that the report of last week's game said it was an exhibition contest. It was, in fact, a play-off match.

In a continuation of the play-off series, Minden defeated Haliburton 4-1 in a game played Friday in Haliburton.

Scoring for Minden were: Kent Taylor from Robie Ackerblade; Ackerblade from David Lee; Stephen Schrader from Ackerblade and Lee; and Ackerblade from Joey Boyle and Lorne Greer. The lone Haliburton goal was scored by John Vuksic, with assist going to Brian Waller and Hans Flugel.

Back in Minden Saturday, the Haliburton team recovered from their loss and defeated the Minden Atoms in a close 3-2 contest.

It was a come from behind effort by the Minden players

which fell short of the mark. Haliburton scored its three goals first with John Vuksic notching two. Assists went to Shawn Perrin and Hans Flugel. Perrin scored the other Haliburton goal with Russell Morrison being credited with the assist.

Joey Boyle led the third period attack by Minden, scoring both goals. Assists on his efforts came from Robie Ackerblade in the first and Stephen Schrader and Ackerblade on the second.

Haliburton now leads the series two games to one.

The fourth game is scheduled for Tuesday evening in Haliburton. If another game is required it will be played tonight at the Minden arena beginning at 7 p.m.

These two teams have been providing some exciting hockey action with the outcome of the games up in the air until the final buzzer sounds.

Pee Wee

The Minden Pee Wees defeated Haliburton 3-1 in the Glen Dart Tournament played Saturday in Haliburton. As a result the Minden squad claimed the Glen Dart trophy.

Scoring for Minden were: Trini Elias from Sheldon Perry; Scott Russell from Sheldon Stevenson and Tom Heppleston from Russell and Stevenson.

The lone Haliburton goal was scored by Jeff Emmerson with the assist going to Glen Packard and Darren Byers.

Broom & stone

by Anita Beaver

The following are the standings in the various leagues as of March 21:

Monday Night Ladies: first Debra Neil; second Linda McKnight; third Lois Titus.

Tuesday Night Men's: first J.O. Jackson; second Dwight Thomas; third Jim Burton.

Wednesday Night League: Now in playoffs.

Thursday Night Mixed: first Jerry Pillsworth; second J.O. Jackson; third Godfrey Saunders.

Friday Night Mixed: first: Jim Garbutt; second Ron Reid; third Neil Burk.

Senior Mixed and Senior Men's leagues are now in playoffs.

Seniors

On March 14, two senior men's rinks travelled to Fenelon Falls to participate in the St. Patrick's Day Bonspiel sponsored by the curlers in that community. The Jim Burton rink from here captured first place honours. Curling with Burton were vice Herb Gill; second Jack Harrington and John Beachli Sr., lead.

The other Minden foursome took third place in the 'spiel. Tom Hurtt was the skip with Cec Riches vice, Lloyd Boskett second and George Dickie, lead.

Winners

The following are the winners of the March 15 draw at the curling:

\$10 winners: A. Rosatelli of Toronto; Keith Purdy of Bowmanville; Heather Peacock of Scarborough; Eleanor Hall of Minden; Bev. Wood of Minden and Richard Parisotto of Ajax.

\$20 prize: Lloyd Johnson of Minden.

\$25 prize: Joe Mitchell of Minden.

\$50 prize: Lonnie Davis of Minden.

Schedule

March 26-27: The Straw and Stone annual bonspiel. There is still time to enter your rinks.

March 28: Senior Men's play-offs and mixed banquet.

April 2: Ladies Sweep into Spring Bonspiel. Any ladies' teams are welcome to participate.

Dysart ponders Stanhope request

Stanhope township council has requested the co-operation of the municipality of Dysart in assisting with the development of that municipality's airport. The letter seeking the co-operation was read at the March 14 meeting of Dysart Council.

The co-operation which the Stanhope council requested, came in the form of possible rezoning of property within Dysart if a proposed study recommends the change. The airport runway straddles the boundary between Stanhope and Dysart, while the airport buildings are located in Stanhope.

The letter to the Dysart council also noted that Stanhope township planned to continue its responsibility for the airport. Earlier a proposal had been put forward by Stanhope deputy reeve Elgin Stouffer that the county consider taking over the air-

port.

Dysart was also informed that a request has been made to the Ministry of Transportation and Communications to have a preliminary study carried out to identify methods of upgrading the facility. The results of this study could head to the rezoning request being forwarded to Dysart from the Stanhope council.

Dysart Councillor Glen Hodgson was cautious about any change to the airport. He noted that any expansion of the facility into Dysart would bring the airport very close to 10 cottages and the Green Acres Resort, located on Green Lake. He pointed out that if the flight path was moved northward, additional brushing would be required, "Which would bring it right up to the back doors of these cottages."

Deputy reeve Gary

McKnight suggested the Dysart council request to see any plans for the airport which may result from the study.

Reeve Murray Fearrey said it "wasn't really clear", what Stanhope was seeking. He noted that an earlier engineering study seemed to suggest

any enlargement of the airport facilities would take place within Stanhope township. The reeve agreed however, that before the Dysart council could react to the Stanhope request, the council should see the draft plan for the airport expansion.

College's funding increased by 14.5%

Provincial government funds for Sir Sandford Fleming College will be increased by 14.5 per cent for the 1983-84 year, the Ministry of Colleges and Universities has announced.

This represents SSFC's share of the overall 9.47 per cent increase in operating grants for the college system, announced two weeks ago.

According to Rod Rork, Executive Director of Administrative Services at SSFC, the system-wide funds are distributed to individual colleges through a detailed formula. "The allocation is based on the level of student activity and also takes into account other factors such as program weightings and geographic location," he said.

The announcement follows recent approval of SSFC's operating plan and budget for next year by its board of governors.

College President Charles Pascal said that the 1983/84 budget "recognizes the college's role and responsibilities as a new opportunity institution for student clients of all ages, and the need for the college to continue to be a meaningful place to learn and work."

Public debt continues to grow

- by Bill Scott, M.P. -

I have, on several occasions in these columns, stated my objections to the current government policy of deficit financing. I have explained that a private sector company could not even get credit if it continued to incur debts at the rate our federal government does. If it did, it would be

forced into bankruptcy.

A document that the government produced, in explanation of its Main Estimates for 1983-84 on

February 22nd, contained the following table which explains how they intend to spend our tax dollar.

	Per Tax Dollar	Net Income \$20,000	\$30,000	\$40,000
Federal Taxes Payable	100.0c	\$2,023	\$4,254	\$6,754
General Government Services	4.4	89	187	297
Foreign Affairs	2.0	40	85	135
Defence	10.9	221	463	736
Transportation and Communications	4.0	81	170	270
Economic Department	11.8	239	502	797
Health & Welfare	32.2	651	1,370	2,175
Education Assistance	2.3	47	98	155
Culture and Recreation	2.0	40	85	135
Fiscal Transfer Payments	6.0	121	255	405
Public Debt	21.7	439	923	1,466
Internal Overhead	2.7	55	115	182

This table is based on the assumption of \$7,000 in total deductions, in each case made up of a spouse, two children, employment expense deduction and CPP, UIC and other deductions.

As you can see in the table, the second largest drain on your tax dollar is interest payments on the public deficit.

This government has created this debt, and is

charging you extra taxes to pay it off. What is even worse is that, rather than trying to decrease the deficit and thus the public debt charges, their policy is one of continued deficit financing.

St. John Ambulance
The need never changes.

Eakins applauds oil dye change

An announcement from the provincial government that the dye used in diesel and stove oil has been changed following the receipt of numerous complaints, has drawn the approval of Victoria-Haliburton MPP John Eakins. In response to the government's action, the local MPP released the following statement.

"I am pleased that finally the Ministry of Revenue has recognized that there were problems with their coloured diesel and stove oil program. Effective 12:01 a.m., March 10, 1983, the Ontario Ministry of Revenue has changed the dye to a type known as D390 from FOM 50. My colleagues and I have been asking questions in the Legislature drawing the Minister's attention to problems during his estimates and submitting questions on the order paper ever since this program was introduced on September 1, 1982.

Farmers, contractors, users of kerosene heaters and tobacco producers concerned about curing their product have been submitting complaints to us. The complaints have ranged from clogged filters on equipment, breakdown of fuel pumps and fuel injectors on equipment to complete engine failure to concerns expressed about the safety of people using kerosene heaters, the possible contamination of tobacco with untested chemicals and to the safety of persons working with and applying the dye to the fuel.

Technical bulletins from the Ministry of Revenue have indicated that there were errors and omissions committed by some of the people who applied dye to fuel in distributor stocks and that there were problems of tar-like precipitates forming on the walls of the mixing tanks at the refineries. These precipitates would break away and clog filters and injectors at the refineries during the process of injecting the dye into the product stream.

"If there were problems at the refineries is it any wonder that users attributed their clogged filters and equipment failures to the use of the dye? So far investigations by laboratories hired by the Ministry have blamed dirt and high moisture content in the fuel as the only identified source of the problem.

"The change to a new type of dye clearly indicates that the Ministry introduced the original dye without proper investigation and testing.

"I would appreciate hearing from the many farmers and others in our County as to whether this new announcement helps them."

THE ANGLICAN PARISH OF MINDEN
INVITES YOU TO JOIN IN OUR WORSHIP.

Members of the Minden Fire Department, Ministry of Natural Resources personnel and nearby residents battled a grass fire for several hours Thursday afternoon before they could bring the flames under control. The blaze, fanned by brisk winds, swept over the dry grass fields adjacent to Highway 121 south of Minden. One storage shed was consumed by the rampaging flames and an unoccupied home suffered minor damage. Below, fire-fighters drag hoses across the field to reach the blaze while, at the right, one building is completely ablaze as firemen attempt to save another structure.

Guild news

The Concert Series committee which sponsored the Hagood Hardy show, is undecided as to a final decision regarding the concert series program for next year. They are looking to you for suggestions. A general meeting will be held March 17 at 4 p.m. at the Gallery and you are invited to attend.

On May 4 The Guild Choral Society, under the direction of Marilyn Stouffer, is presenting a concert - don't miss it!

The Board of Directors are looking for a volunteer to write this weekly column, if you are interested, please call Chris Lynd at 457-2330.

Fox requiem planned

Bill Gliddon's Requiem for Terry Fox, Opus 7 - will be performed at St. George's Anglican Church, Haliburton at 8 p.m. on Friday, April 15 and Saturday, April 16.

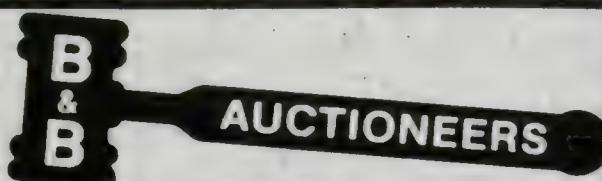

The Requiem is a 50-minute sacred musical tribute to Terry Fox, composed for choir, 2 trumpets, organ and percussion. The 20-voice choir assembled especially for these performances will sing the liturgical words of the Requiem Mass, interspersed with appropriate texts from scripture and poetry. This will mark the first performance of the work.

Since the church is small and seating will be limited, seating tickets are being made available for each evening. They are free, and will assure the ticket-holder of a seat until 7:45 p.m. at which time non-ticket holders may fill the remaining seats. At the composer's request, there will be an opportunity for voluntary donations to the

Marathon of Hope Fund of the Canadian Cancer Society.

Seating tickets will be available from the middle of March at the Health Shelf on the main street of Halibur-

ton. If all tickets are taken for the Friday and Saturday performances, a further performance on Sunday evening, April 17 will be considered.

Weed control booklet available

- Ag. report -

The '1983 Guide To Chemical Weed Control' is now available from County agricultural offices and through many farm supplier. This is one of a series of annual publications, published by the Ontario Ministry of Agriculture and Food and provided free of charge.

This booklet, commonly called "Publication #75", contains a wealth of information on the various herbicides which are available this year, along with recommendations on the proper use of these herbicides on field crops, horticultural crops, along roadsides, and in non-crop areas.

Farmers are reminded that herbicides are only available now in metric measures. As a result, the recommendations in this booklet are in metric. There are conversion tables in this year's book, to assist those farmers who are still applying their herbicides on a per acre basis rather than on a per hectare basis.

The other publication of interest to most farmers in Victoria and Haliburton Counties is the "1983 Field Crop Recommendations" - this publication has not yet been received, but we hope

will be available shortly.

Home Garden Guide

The 1983-84 Guide to "Insect & Disease Control In The Home Garden" is now available.

This booklet has excellent information in it for everyone growing vegetables, fruit, ornamentals and lawns, and who have problems with insects and diseases in them. The booklet helps you identify the problem and has suggestions for control measures using cultural practices as well as using chemicals.

Copies of this booklet may be picked up at the agricultural office by any interested home gardeners.

4-H organization day

4-H Agricultural Clubs in Victoria County will be organizing on Friday, March 25, 10:30 a.m. to 3:30 p.m. at the Ops Community Centre.

4-H is for young people between the ages of 12 and 19, as of January 1, 1983.

Two new projects offered this year are poultry and farm safety. 4-H poultry club members will raise 25 chicks as their project. 4-H farm safety club members will be studying first aid, tractors, fires, pesticides and gases on the farm.

Regular projects include beef, dairy, sheep, swine management, field crops, garden, pony (Emily area), ploughing, heritage and veterinary science.

At the organization day,

the 4-H program will be explained.

Registration fee for the day is \$1.00. A chicken lunch can be purchased for \$2.00.

Bring a friend, and don't forget your skates!

NOTICE

TOWNSHIP OF LUTTERWORTH

ONTARIO HOME RENEWAL PROGRAM

Application forms are available at the Township Office (located 3 miles South of Minden on Highway No. 35) to participate in the above program.

To qualify, maximum Adjusted Family Income must not exceed \$15,500.00 per year.

NOTICE

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

Under

THE CANADA - ONTARIO EMPLOYMENT DEVELOPMENT PROGRAM

is hiring 4 full-time workers for a term of 22 forty-hour work weeks commencing May 2nd, 1983 - to carry out a program of repairs and clean-up operations throughout the Municipality.

Applicants for the Program must be unemployed and have exhausted all available Unemployment Insurance benefits or must be unemployed and in receipt of social assistance.

Candidates for the Program should make application, in writing or in person, to the Lutterworth Municipal Office, located three miles south of Minden, Ontario, on Highway No. 35, on or before:

FRIDAY, APRIL 8th, 1983.

at 5:00 o'clock P.M.

Wayne D. Hughes,
Clerk-Treasurer,
P.O. Box 176,
Minden, Ontario

Lutterworth plans NEED projects

Lutterworth township has received confirmation of its NEED application from the Ontario government, clerk-treasurer Wayne Hughes informed council at the March 17 meeting of council. The township was allocated \$15,000.

The funds received will be applied to numerous projects during the summer months. The program lasts for five months.

The first project will concern construction and maintenance at parkland and water access locations, including possible construction of picnic tables.

Signing is another area the four prospective employees will be working. Hughes said Monday this could extend to better signing for the municipality at the above mentioned areas.

The third potential area for work are the shoreline allowance roads. The Sandy Bay road was mentioned as needing attention. Construction would include retaining walls and back filling.

During the past few decades the municipality has received a large amount of property, not now properly delineated on township maps, through non-payment of taxes and other means. Hughes suggested the NEED labourers could find the original survey bars to establish the boundaries for the properties.

The summer is a busy time for municipal employees, so there could be the odd job,

usually done by year round help but without the time in summer.

The NEED employees may assist with township roadwork when required said Hughes. He said there may be work for them with the "nuisance beaver" a prevalent problem in the township.

Finally, there is work needed on the landfill sites. There are the spring and fall clean-ups, part time supervision and the new Iron Mine Road location due to open this summer.

Legion holds spring convention

The spring convention of Zone F4 was held at Branch 129 Haliburton on Sunday, March 20, 1983. All branches were represented except one. The meeting was called to order by Zone Commander Doug Worrall.

After the opening ceremonies were observed the minutes of the last Zone Convention and Zone Council meeting were read by Sec.-Treas. J. Mathieson and approved by the body. All Zone officers were in attendance including Zone F4LA Commander Gwen Cox. Acting District Commander Paul Hycha and the following members of his executive attended: R. Brown, C. Livingstone, G.J. Sampson, K. Jeffries, V. Kelcey, J. Prine, and Zone F5 Commander Una Golding.

President Sylvia Sisson welcomed the delegates to Branch 129 and wished them well in their deliberations, the meeting was then turned over to the Zone chairman, Wm. Cooper.

The District Literary Awards were presented to two students from Zone F4, the winners were Andrea Dowdell, first in Intermediate essay, Sherry Downs, second in Senior poem. Andrea now advances to the Provincial level.

The reports of the branches were presented at this time and all branches are well and active with a large array of projects on the go. A number of the branches have already advised their municipalities that the Legion Hall is available for any disasters that may occur in their area and branches who have not yet made this offer should do so soon.

As usual, Zone PRO Bill Dermody gave an excellent report on the past six months, congratulating several of the branches on the excellence of

their bulletins which he receives regularly. Then Bill informed the gathering that at this time he was tendering his resignation as Zone PRO. He has served in this capacity for 23 years and felt that it was now time for someone else to take up the task. You will be a hard act to follow, Bill. The meeting was then turned over to the A/CD Paul Hycha who at this time conducted the election of officers. Those elected were: Zone Commander, Mel Robertson, Br. 129 Haliburton; Deputy Zone Commander, Ted Jones, Br. 238 Fenelon Falls. These officers will be installed at the District Convention at Port Hope in April. During the election ceremonies the Acting District Commander gave a very enlightening talk on several meetings he had attended at provincial level. He brought greetings from Provincial Command and expressed the hope that all branches in the Zone will send good representations to the Provincial Convention in Niagara Falls in May.

The District Poppy Chairman spoke on this most important topic informing us that overall our Zone was up considerably on our receipts for the 1981 campaign. He informed us that the branches are now being required to set up a 'Poppy Trust Fund Committee' headed by the Poppy Chairman, who will administer the monies of the Poppy Fund.

The District Track and Field officer advised all branches to get involved in this activity in their community.

The candidates who will be running for Deputy District Commander at the convention in April were introduced by the chairman. They are C. Livingstone F2, R. Reading,

Zone Commander F3, Zone Commander D. Worrall F4 and Zone Commander Una Golding F5.

A motion was made and carried by Br. 67 Lindsay that a fitting presentation be made to the outgoing Zone Commander, D. Worrall and PRO Bill Dermody. Time and place to be determined at a later date.

A number of items were discussed in General Business, mostly items concerning the upcoming conventions. After this business was concluded the chairman accepted a motion to adjourn. Carried.

The next Zone Convention will be held at Br. 441 Kinmount, date to be

announced later. The annual Zone Drumhead service will be held at Br. 238 Fenelon Falls on Sunday, July 24, 1983.

Following the conclusion of the meeting a social hour followed and a delicious roast beef dinner was served by the Ladies Auxiliary of Br. 129 under the capable leadership of President Jane Johnston.

Legion Week will be held the week of Sept. 18-24, 1983. All branches are urged to set up their committees as soon as possible and take advantage of this opportunity to promote the work of the organization and their own branch in particular.

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposes to enact a By-Law to stop up, close and convey that part of the original allowance for road set out and described as follows:

FIRSTLY: All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the Original Sixty-Six Foot Shore Road Allowance adjoining Halls Lake lying in front of part of Lot 10, Concession VII and being more particularly described as Part I on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 2783. A COPY OF THE PLAN OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

The proposed By-Law will come before the said council for consideration at its regular meeting at the Municipal Office, in the Township of Stanhope on the 6th day of April, 1983 at the hour of 11 o'clock a.m., and at that time, the Council will hear in person or by his counsel, solicitor or agent, any person who claims that his land will be prejudicially affected and who applies to be heard.

DATED: February 21, 1983.

Gerald C. Bain, A.M.C.T.
Clerk of the Corporation of the
Township of Stanhope,
R.R. 1, Haliburton, Ont.

NOTICE

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon & Minden to stop up, close and convey to the adjoining landowner part of the 66 foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Horseshoe Lake in front of Lot 12, Concession V in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 301(1) of the Municipal Act R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon & Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden on THURSDAY, MARCH 24th, 1983 proposed to consider and, if deemed advisable to pass a By-law to stop up, close and convey the above-noted portion or road allowance more particularly described as follows:-

All that part adjoining the original shoreline allowance for road along the shore of Horseshoe Lake in front of Lot 12, Concession V in the Township of Minden in the County of Haliburton, designated as Part 2 on a draft plan of survey prepared by Paul Wilson, O.L.S. and dated January 12, 1983.

AND FURTHER TAKE NOTICE that before passing said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED AT MINDEN this 2nd day of March 1983.

COMA TRUE GRIT SEVEN YEAR ITCH

UNDERSEA WORLD OF JACQUES COUSTEAU

DIAMONDS ARE FOREVER EYES OF LAURA MARS KRAMER VS. KRAMER GREASE SHOGUN QUEST FOR FIRE

senior league

by Bert Harrison

On Sunday, Mrs. Della Curry got a real surprise you could see pleasure shining in her eyes. Her grandson and wife came all the way from Peterborough to help her spend the day. I think Winnie Johnson had her son too, and there are many if we only knew. Mr and Mrs. Leslie McGuire spent the weekend with son Murray and wife in their home on Halls lake-shore. They say they were treated royally, what could they ask for more? We were glad to attend the service in the chapel Sunday night. When we miss, things don't seem to function right.

Monday morning, down in the gym, there is always fun and fitness, in the evening there are movies to witness.

Then in between, we have the busiest ladies you have seldom seen.

Rev. Westhaver of Minden United Church, held a nice service in the chapel on Tuesday, our girls came to play and sing, before Agnes goes away. We are sorry to learn of Reg Welch having a slight stroke, we know just what it is like. Cheer up Reg, do you remember when we used to drive our tin-lizzies down the pike? We had the therapist in on Tuesday afternoon. We knew she was coming some day real soon. She was a charming lady, full of life and wit, whatever she asked me to do, I didn't mind a bit. She didn't seem persuasive or didn't put on airs but she soon had me climbing up the stairs.

A Little Mixed Up

*Just a line to say I'm living,
That I'm NOT among the dead;
Though I'm getting more forgetful
And more "mixed up" in the head.
For sometimes I can't remember,
When I stand at foot of stair,
If I must go up for something,
Or I've just come down from there.
And before the fridge, so often,
My poor mind is filled with doubt,
Have I just put food away, or
Have I just come to take some out.
And there's times when it is dark out,
With my night cap on my head,
I don't know if I'm retiring,
Or just getting out of bed.
So, if it's my turn to write you,
There's no need in getting sore,
I may think that I have written,
And don't want to be a bore.
So, 'member - I do love you,
And wish that you were here;
But now, it's nearly mail time,
So, I must say, "Good-bye, dear".*

+ + + + +

*There I stood beside the mailbox,
With a face so very red,
Instead of mailing you my letter,
I had opened it instead.*

— Submitted —

FORGIVENESS WEEK

is here again at

Minden Public Library

March 21
through
March 26

At this time you may return overdue books and pay no fines. After March 26 cards for the overdue books will go to the County Office and borrowers will be billed for the cost.

I will take you down again, now don't be alarmed if you do fall, it will be right into my arms. She had just left when who should enter, but our own Arnie with a beautiful plant from Campbell's Garden Centre. It was sent from the staff of the Haliburton County Echo and Minden Recorder. A pleasant surprise and a nice thing to do, we would like to say a big "thank you". Ralph Daniel had a birthday a few days ago, he has reached the ripe old age of 8 and 0. They say that in his younger days he was quite a guy, and with the ladies he was not a bit shy. We are happy to have Mrs. Avery back to Hyland Crest after undergoing surgery, we hope it is for the best. We are sorry to hear that Leslie McGuire has taken a slight stroke, we hope it won't be long when he is around again.

Tuesday night the Watson, Smith trio came as they have done before and played toe-tapping music for an hour or more.

There has been so much happening this St. Patrick's

Day, I don't know where to start or just what to say. I won the prize for shooting the most blarney down at fun and fitness, I had to kiss the blarney stone for all to witness. We had a real good time and a lot of fun, it really didn't matter who lost or won. Then after lunch (about one p.m.) we were entertained by some young ladies and some young men. They call themselves the Friendly Service, some come from Canada and others from the States, the way they witness for the Lord is really great. They sang so delightful and were so sincere, we thank Rev. Wicks for bringing them here.

The Haliburton Baptist ladies brought in the lunch, served it up so nicely, they were a jolly bunch. When the music started to make the day complete, several ladies got up on their feet. Some faces are wrinkled, some hair may be gray, but the feet seemed as light as they were yesterday. The music was good. It was simply divine. I'm sure they all had a real jolly time. The Watsons & Smiths should have a big hand, they played

the music it simply was grand.

Putting on the Bingo Thursday night was Dave Stevens and John Slovak. They did such a good job, we hope they will come back. We have a new waitress whose name is Fay McKay, she is so efficient in a nice and quiet way.

Sing song on Friday was short and sweet. Grace had to

leave before it was complete. They did play and sing some lovely numbers for us, including the Hallelujah Chorus.

When Millie Wood leaves this earth for mansions up above, will she still be knitting mitts, socks and gloves?

Ours is an age of guided missiles, but misguided men.

Bert Harrison

Did you know?

The Red Cross Water Safety programme will get underway again this summer, at Haliburton & West Guilford.

A certified Red Cross Swimming Instructor, as well as an Assistant Instructor, will be needed. Duration of the programme is 8 weeks. Starting date July 1, 1983, hours 9 - 3:30. Only qualified instructors between 16 - 25 years of age should apply. For further information contact Vicky Ross at 754-2544.

Foam

Homeowners who insulated with Urea formaldehyde

foam can apply for a government grant of up to \$5,000 per dwelling to have this insulation removed.

To obtain an application form, it is necessary to call the UFFI programme at 1-800-567-6870. This toll free line is open from 7:00 - 7:30 p.m.

Authorization to proceed with the work is given by Canada Mortgage and Housing (CMHC). It is recommended that you choose a contractor registered with UFFI to do the work.

around the county town

by Yvonne Guida

It seems to me that with all the hue and cry about the economy, people would be anxious to earn a little money. I personally have found that although I have approached several people in the area to do a little work around my house, no one has contacted me in response to my request. Something is wrong somewhere.

Hats off to the dedicated ladies of the Minden Library who have been so kind in manning the Art Gallery for us when no one else was available. We really appreciate your helpfulness.

On Saturday I drove down to Peterborough and Cobourg to see the show on photography by a fantastic photographer, Irwin Karnick. We are fortunate in being able to present this very interesting and intriguing show at the Agnes Jamieson Gallery here in Minden beginning June 2 through July 5. The show is entitled Transportation - A Personal View. This is an exhibit well worth seeing, so I hope a lot of people will attend.

For a deliciously different change of pace, do try the pizza at Harry's Place.

Following the current show at the Agnes Jamieson Gallery on the work of Marta Scythes, there will be a beautiful exhibit put on by local artists called Hodgepodge, this exhibit to run from March 30 to April 9. After this show there will be a very interesting exhibit presented by the Weavers Group of the Haliburton Guild of Fine Arts to begin April 14 through May 7. The title of this show will be Dream Weaving and should prove to be very interesting. These ladies have worked diligently at their craft.

The next program on the agenda at the Gallery, following the weaving exhibit, will be Children's art done by children in the area, so this should prove equally exciting. This exhibit opens on Wednesday May 11 and runs until May 28. We have many interesting exhibits to look forward to in our gallery in the following months, so please take advantage of the beautiful work to be presented.

At this time I would like to remind you of the memberships available at the Gallery. You will be helping tremendously by supporting your local Art Gallery. If you are currently a member and would like to renew your membership, please do so by contacting me at 286-2539. Single memberships are \$10.00 and for family \$15.00. We really need your support.

A very happy birthday to my friend Sonya Holliday-Rhodes who celebrated her birthday March 20. Many, many happy returns.

Mrs. Irie Barry was in Haliburton hospital for a few days, but is home now and doing nicely. We wish her all the best.

We were saddened to hear of the passing last week of Miss Alberta Webber of Hyland Crest. Our sincere sympathy goes to her family and friends at this time.

Winners at the Mini card party at the Parish Hall last Thursday afternoon were Joyce Hewitt, perfect score in cribbage and for Euchre Lon Hands, Irene Houghton. High - May Spence. There will be cards this Thursday but none on March 31 however play will resume on April 7.

Mrs. Alice Morrison of Minden has returned home after a three week sojourn in Toronto where she visited with her son Craig and his wife Lynn. During her visit, the family attended the wedding of another son, Myles to Glenda Howse in Ancaster March 12.

Mrs. Leitha Kuchelema of Toronto, visited her daughter and son-in-law Mr. & Mrs. Danny McKelvey of Minden last week. She also called on relatives in Maple Lake.

Mr. & Mrs. Jim Harrison and girls of Maple Lake were in Toronto and spent some time with his sister, Mary Hicks, hence to Peterborough where they attended the floor hockey game.

Miss Jane Swartman of Maple Lake has been under the weather for the last three weeks due to a combination of tests and minor surgery in Oshawa General Hospital, but I'm happy to report she is home now to stay and is feeling much better. We all wish her a speedy recovery.

A note to my little friend Lilla Zeller - I apologize for

Arise my love,
You've slept too long
An skies proclaim an early dawn,
The trilling of the lark's first note
That flows so sweetly from his throat,
There crocus buds about to bloom
And hyacinth with deep perfume.
What stirring deep within the earth
Foretells it's time for life's rebirth.
Ah look with me to azure skies
And fleecy clouds that waft and rise
The dip behind the mountain low
Its summit still adorned with snow,
Yes, rise my love
Old Winter's weary
Begone cold days so grey and dreary
The world awaits your glowing smile,
Your graceful charms that so beguile,
And joy that you alone can bring
The radiant you, arise oh Spring!

Yvonne

getting the date of your birthday wrong sweetheart. It is not March 20 but March 30. Forgive me.

A little bird told me that Colleen Brady, daughter of Terry and Chuck Brady, granddaughter of Pam Manser, celebrated her first birthday on Wednesday March 16. A belated happy birthday dear and all best wishes.

Unfortunately, due to unforeseen circumstances, the concert featuring Richard Gresko in Peterborough, has been cancelled. However we look forward to hearing this artist perform in the near future.

My candle burns at both ends,
It will not last the night,
But oh my foes, and oh my friends,
It casts a lovely light!
One of my favourite poems by Edna St. Vincent Millay.

A very fine gentleman and friend, Allan Stott, has been having a rough time, following surgery on his shoulder, however I am happy to report that Allan is on the mend and everyone hopes it won't be long until he will be hale and fit once more.

I was saddened to hear of the death of Arthur Godfrey. As I mentioned in a former column, my former husband was a winner on his show and consequently appeared for a week on Arthur's morning broadcast. Arthur Godfrey could be very 'bitchy', but he certainly promoted a lot of talented youngsters who went on to achieve stardom. He was a great showman and though he suffered greatly from injuries sustained in a motorcycle accident, went on to perform admirably on horseback. He was a master of dressage. He will be greatly missed.

A belated happy birthday to Nora Hogg a great gal and friend who celebrated her birthday last week. All good wishes Nora.

kid's korner

by Jean Lacey

Hi kids!

Here is a hidden answer word search. Circle all the letters in the word list. Then the unused letters will form a word.

Q: What month has 28 days?

A: All of them.

Q: What's the best way to raise strawberries?

A: With a spoon.

Q: What tree can you carry around in your hand?

A: A palm tree.

Q: Why can't you tell secrets on the farm?

A: The potatoes have eyes, the corn has ears and the bean stalk.

Q: What do you call a pig who knows karate?

A: A pork chop.

Did you hear the one about the boy who drowned in bed? The bed spread, the pillow

slipped and he fell right into the spring.

A: A wise quacker.

Q: What kind of song do you sing in a car?

Q: What is the value of the moon?

A: A cartoon.

A: Four quarters.

Q: What is another name for a smart duck?

Bye for now. Take it easy. God bless till next time.

Grass Cutting & Trimming Tenders

are invited for Minden Area's

5 Distribution Stations 1 Transformer Station

Interested parties are invited to submit on Ontario Hydro Forms "Invitation to Tender" their contract price for grass cutting and trimming at Distribution Stations and Transformer Station located in the Minden Operating Area.

Contractor will be responsible to supply his own material, equipment and transportation.

Work will consist of:

- (1) Cut and trim 4 Distribution Stations approximately 16 times.
- (2) Cut and trim 1 Distribution Station 2 times. (once in spring, once in fall.)
- (3) Cut and trim 1 Transformer Station approximately 16 times.

Work to commence on or about May 2, 1983.

Tenders to be submitted by 4:00 p.m. April 15, 1983.

Tendering documents will be available April 8, 1983.

For further information or site inspection, contact

CARD OF THANKS

We would like to thank the Minden Fire Department for their prompt action in coming to our aid when fire swept across our land last Thursday. Thanks to the Natural Resources, John, Freda and David Hulbig, Gord Samells, Ron Caney, Ken Bowron, Bob Graham, Alan Porter and family and all who helped. Without all their efforts we could have lost all our buildings. Thanks to Grace Caney for the lovely lunch she provided. We greatly appreciate all this.

Fred & Pearl Barry

The Minden Agricultural Society, sponsors of the Haliburton County Fair, would like to express our appreciation to Mary Lou Johnson for designing the front cover of our Preliminary Lists (which are now available in various stores around the County) Also, we thank Walter Ackerblade for the use of his truck as a float during the Minden Kinsmen Winter Carnival, Helen and Mary Lou Johnson for being our "clowns", Wayne Cox

CARD OF THANKS

and Jeunne Lacey for the time and effort spent with the decorating of the float. 3D

IN MEMORIAM

AUSTEN: In loving memory of Hugh Austen, who passed away March 24, 1982.

Dear Dad:

We miss you so,
Just one year ago today,
God took you home to stay,
Why so sudden?
We do not know.
He must have had His reasons — though

Some say it's just your time to die,
We believe He had a special job for you,
In His beautiful garden in the sky.
But for whatever reason why,
We know we will meet again some day,
In Our Father's Home we will stay.

Sadly missed by loving wife Marie and Fay, Harry, David, Bonny, Susan and families.

NOW OPEN!
